

Who Is Left Behind In Australia's

Digital Life?

73.56
ADII Score.

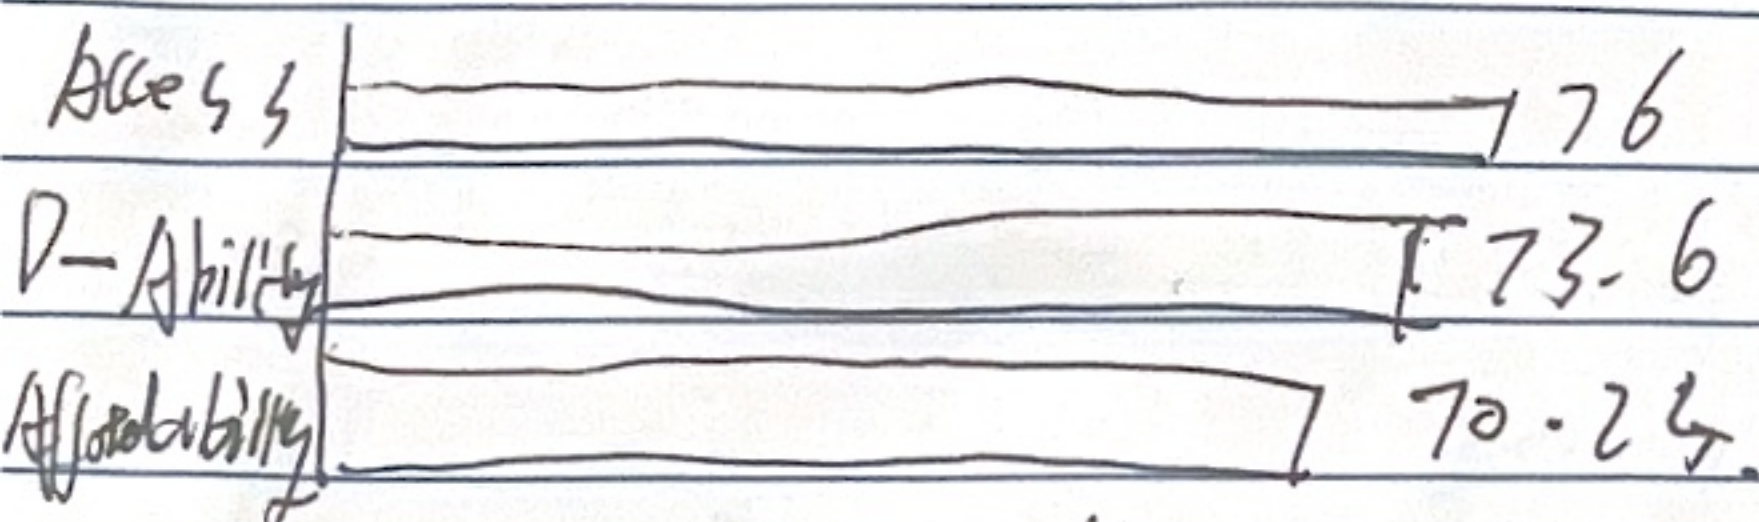

6.57
Net affordability gap

5.92
Metro Region
Gap

34 45
Lowest affordability score

Section 1

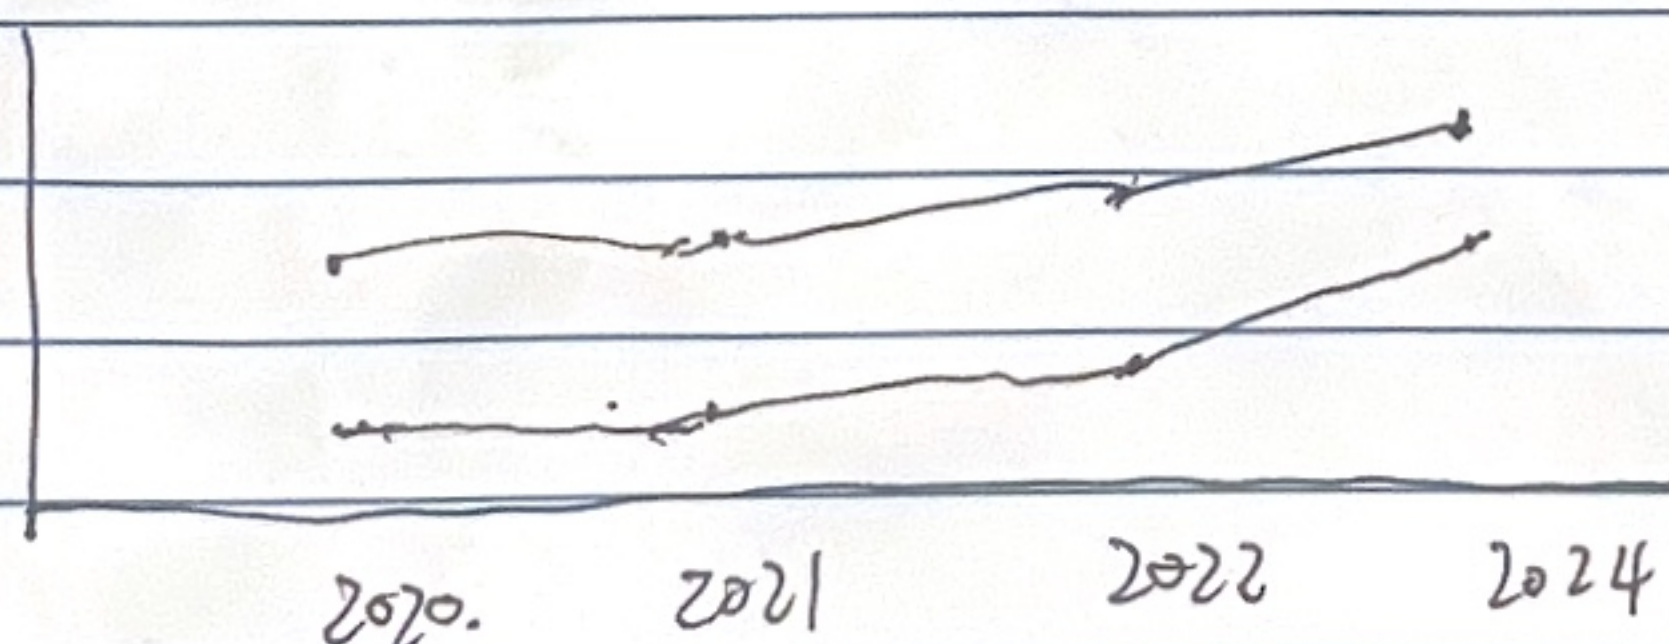

Australia's digital is not equally digital

Three dimensions are out of 100, and they are not equal.

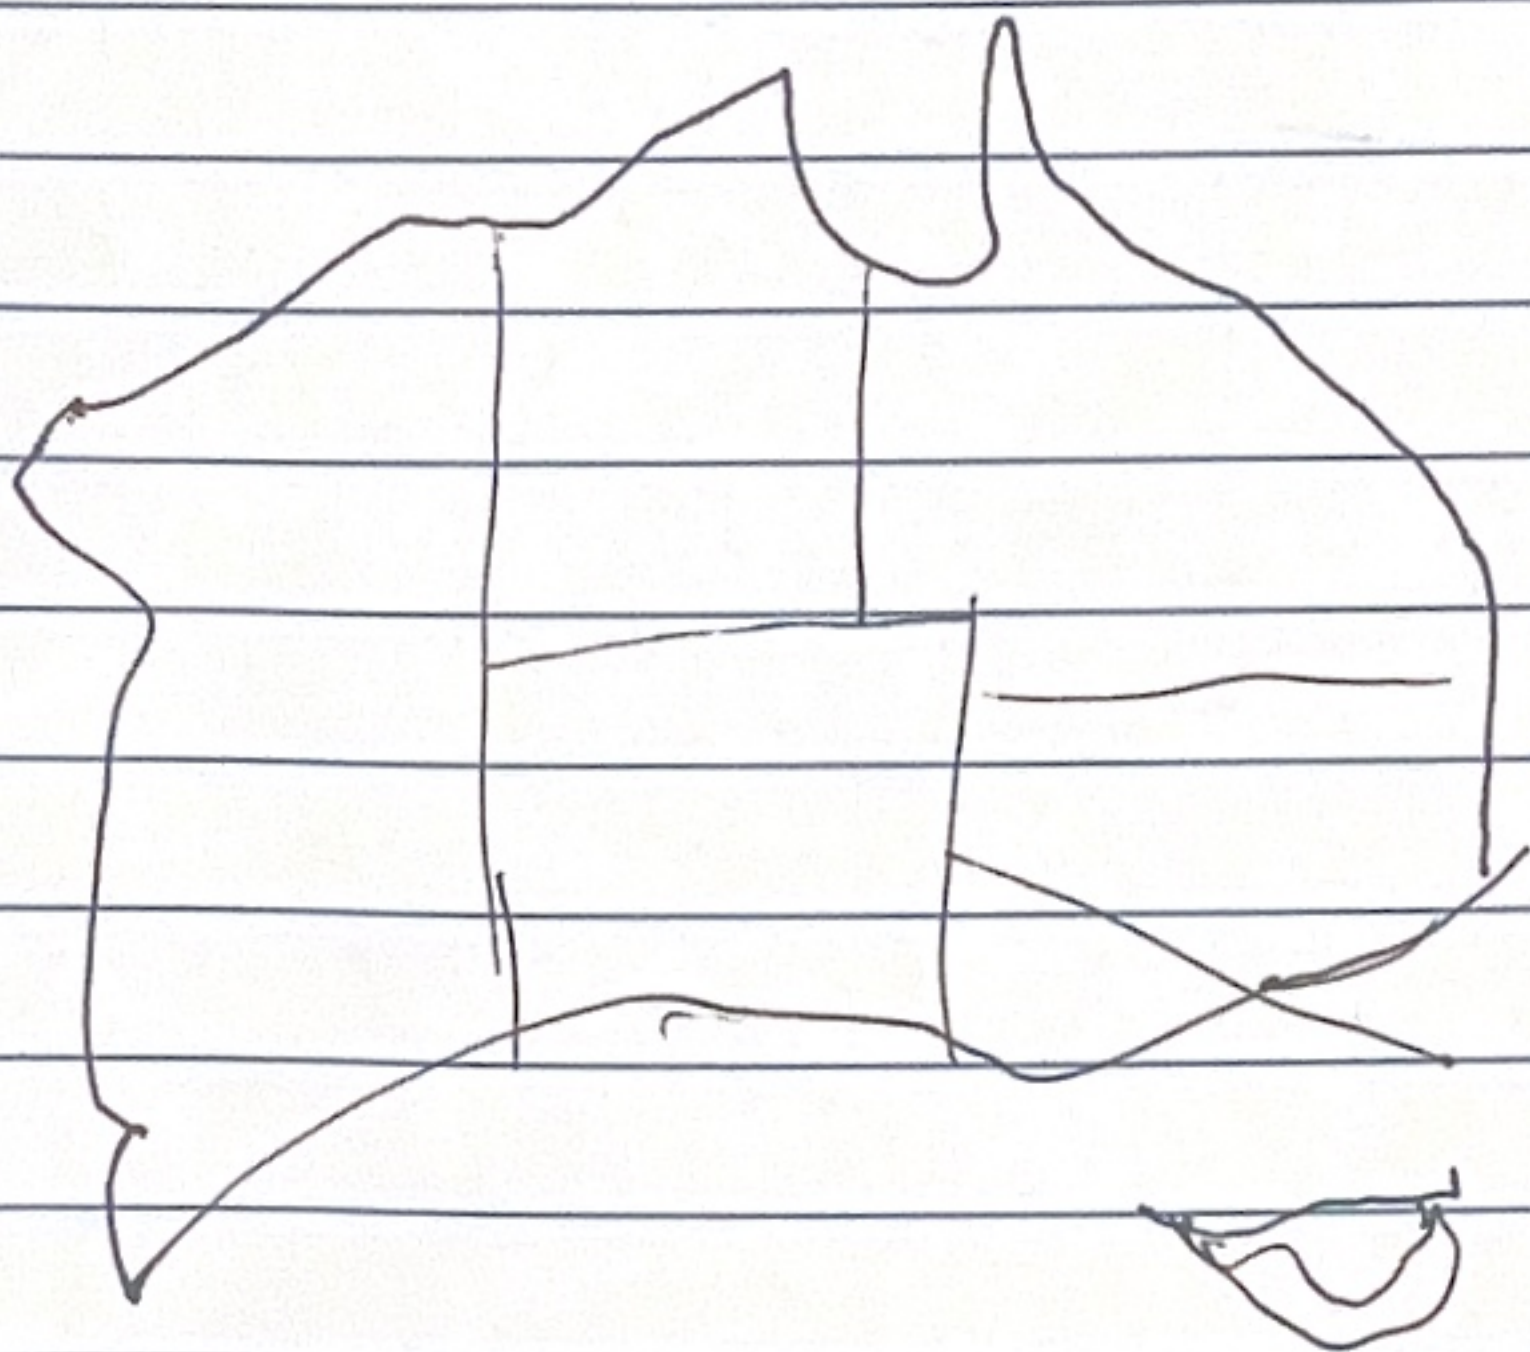

Section 2.

Access ability Improved over time.

Section 3

Location is Important.

The darker colour means higher ADI score.

Section 4.

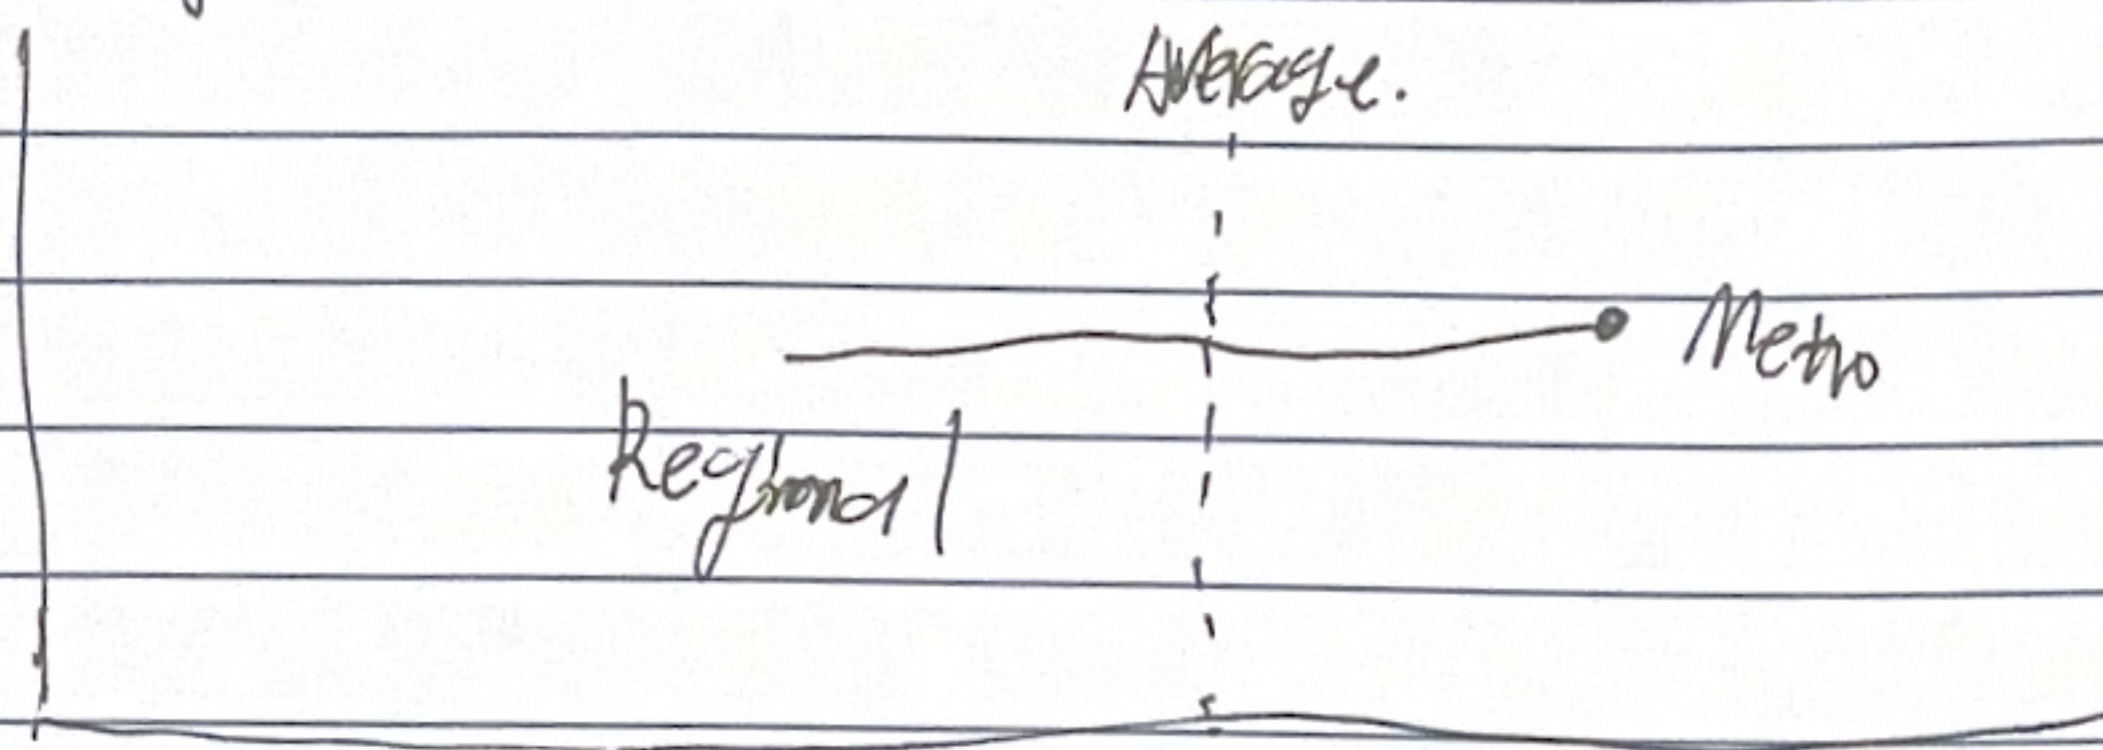

Rank of Each State

Aus-capital Territory.		
Victoria.		
New South Wales		
Western. Aus.		
Queensland.		
Northern Territory		
South Aus		
Tasmania.		

→ Average.
Only if region above the
National average score.

Section 5

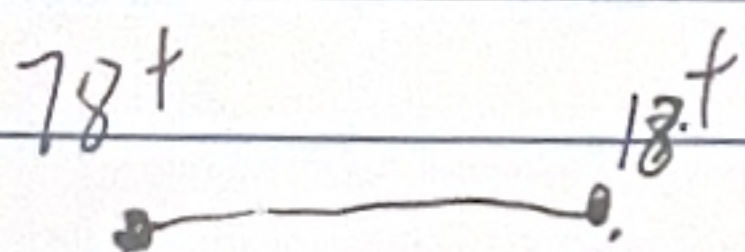

Regional Australia is still behind Metro Australia.

Section 6:

Three different gaps

Age.

Income.

Education.

Section 7. Most at Risk of Being Left Behind.

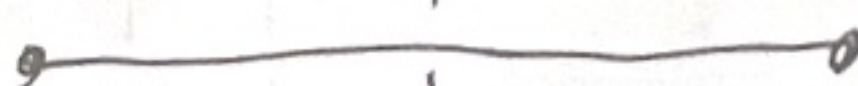

Income.

Other Education.

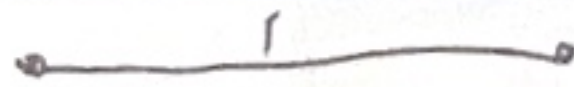

Regional

People with disabilities.

Age issue.

Average.
